Medicare Update: Free Dementia Care Support is Now Available through Medicare

I don't say this lightly, but this one genuinely changes things.

Medicare has launched a program called **GUIDE (Guiding an Improved Dementia Experience)**. If you or someone you love has a loved one living with dementia, or if you work with seniors who do, I want you to know about it right away.

I'm proud to share that **Seniors Helping Seniors®** Scottsdale Northeast Phoenix is a **certified GUIDE Respite Care Provider**. That means if someone you know qualifies, we're ready to help and handle everything. No paperwork on your end. No administrative burden, just care.

Warmly,
Andy

What Guide Provides

- ✓ A dedicated dementia care navigator to coordinate care and connect families to essential community resources (transportation, meals, safety programs, and more).
- ✓ Training and support for caregivers to manage stress, improve safety, and delay placement.
- ✓ **A \$2,500 annual allowance paid by Medicare**, so your family can get the in-home support it needs

Eligibility

Eligible Patients:

- ✓ Have Traditional Medicare
- ✓ A suspected or confirmed dementia diagnosis (Alz's, LBD, FTD, vascular etc.)
- ✓ Living at home or in the community (including ALF, ILF)

Not Eligible:

- ✗ Cannot be part of SNP plans (Special Needs)
- ✗ Medicare Advantage enrollees
- ✗ Living in long-term care (Nursing Home)
- ✗ Participating in Hospice or PACE program

GET STARTED

Whether you're a family member exploring options, a senior living with dementia, or a healthcare professional with patients who may qualify, one phone call is all it takes.

Why Seniors Helping Seniors® Scottsdale Northeast Phoenix

We are a proud, certified **GUIDE Respite Care provider**. Our caregivers are seniors themselves — that shared life experience means care feels more like the help of a trusted friend than a formal service. For someone living with dementia, that warmth and familiarity make a meaningful difference. We carefully match each caregiver to each Senior in need by personality, background, and care needs.
